Champneys Luxury Spa Hotel - Henlow

Project Specifications

Product Specified: MHS120.35 & TDP120.90

Colour Specified: MHS: Dark Grey

TDP: Brushed Brass

Sector: Hospitality

Project Description

Refurbishment began at The Champneys Luxury Spa Hotel in Henlow in 2017 with the aim of blending traditions of old with innovations of the new. This was the perfect opportunity for Genesis MHS120.35 Movement Joints to be used in the project. With the choice of any RAL colour available for the insert, getting the perfect match/contrast is simple and combined with their functionality, it was a match truly made for the spa.

As work began on the spa, the changing rooms reached completion with sleek marble surfaces, a new locker system and a carefully thought out layout to maximise space.

Genesis TDP tile trim profiles have been used throughout the refurbishment project to add the finishing touches around the hotel. With 27 finishes to choose from (one of the largest selections available in the market), the perfect complimentary trim is always in reach.

The Champneys Luxury Spa Hotel opted for our Brushed Brass finish TDP trims to perfectly blend traditions of old with innovations of the new.
