

## Case Study - Leisure

Reykjavic Konsulat Hotel - Curio Collection by Hilton - Iceland

### Project Specifications

Product Specified: NRES2103.16

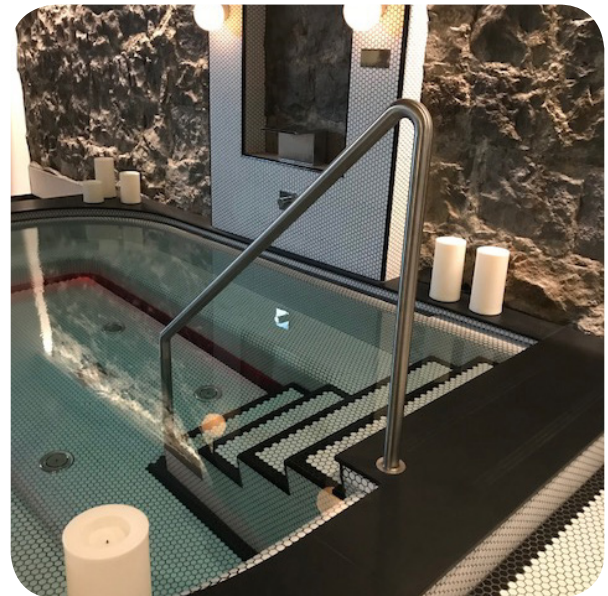

Colour Specified: Black

Sector: Leisure

### Project Description

RezTred® NRES2103.16 has been used on the entrance to the serenity pools in the new Reykjavic Konsulat Hotel in Iceland. The 10mm strips of resin provide R12 anti slip resistance on the entrance/exit to the water.

The hotel opted for the black resin as they wanted the safety element to be in place but not to look out of place in the spa - the perfect combination.
