Products Specified: NHD, NSA, NTL, TVN

Insert Colours – 43 Ice Grey & 47 Yellow
Finishes – 80 Mill Aluminium & 81 Matt Silver

Sector: Residential

Project Description

With a brand-new construction required for the Cotswold retirement apartments. Safety with a perfect finish is an absolute necessity.

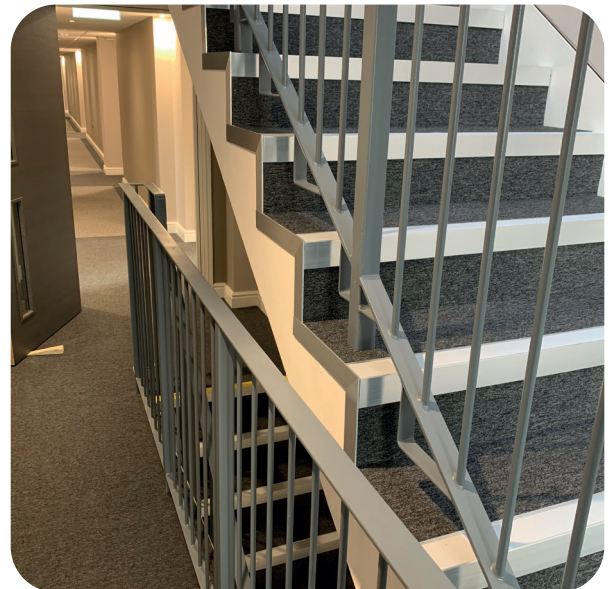

Two new staircases had to be made safe within the apartments, Genesis NHD stair nosing was specified to help prevent slips and falls. With DDA and building regulation certification - the NHD profile was the perfect choice.

The NSA angle was installed at both staircases to both provide a safe edge and perfect finish that complimented the inside decoration. Also installed at the staircases, the landing trim NTL were installed to conceal the edge of the floor covering and stair edging for a neat finish.

Following on from the staircases, the corridor transitions had TVN aluminium angle edge installed, as a flooring transition was required between carpet tiles and LVT flooring.

This brand-new installation was completed by The Carpet Shop Swindon Ltd under the guidance of owner Howard Griffiths with support from Richard Howells of the Genesis flooring team.

Project Address - Cotswold House Retirement Apartments, Andrews Court, The Green, Lyneham, SN15 4SN
